2021 DRAFT Reopening Plan Survey

August 17, 2021 8:12 AM MDT

Q1 - Please specify your role, checking as many as apply:

#	Field	Choice Count
1	Parent / Guardian / Family Member	61.73% 150
2	Student	2.47% 6
3	Employee of Caroline County Public Schools	27.57% 67
4	Community Member	7.82% 19
5	Other (please specify)	0.41% 1
		243

Showing rows 1 - 6 of 6

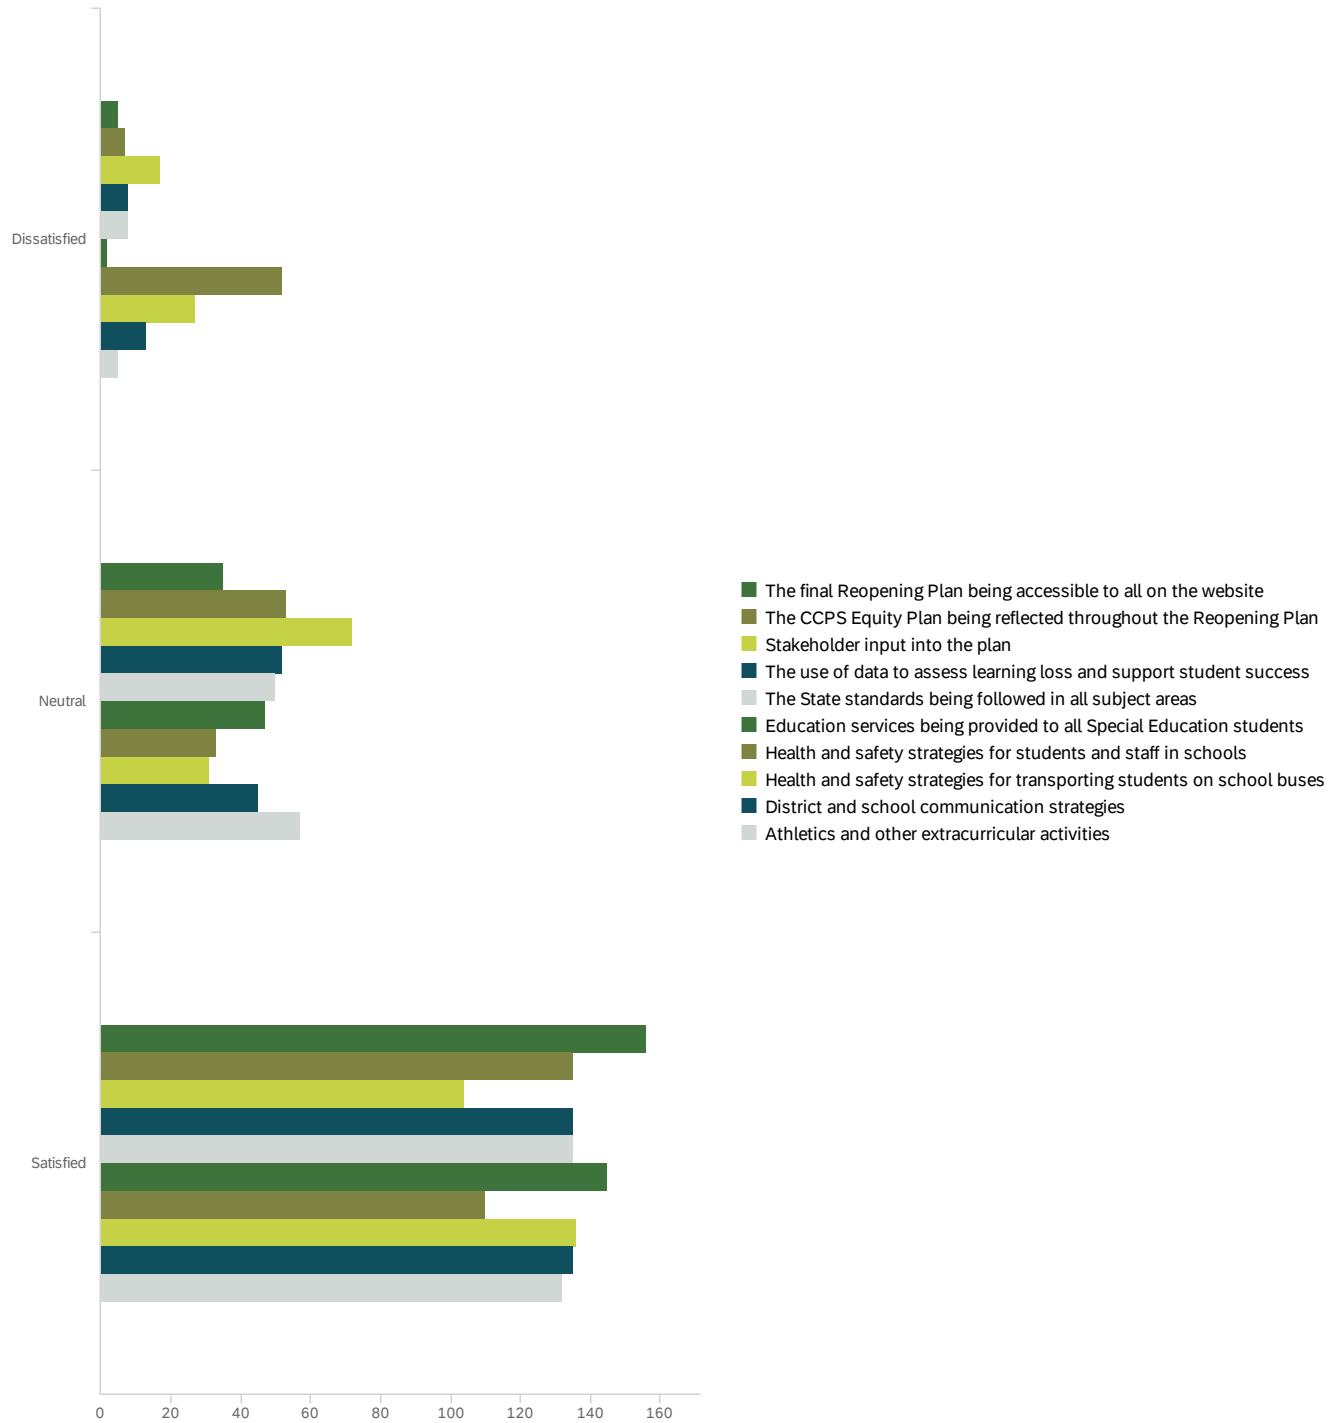

Q1_5_TEXT - Other (please specify)

Other (please specify)

Parent in 22-23

Q2 - After reading through a draft of the Reopening Plan, to what extent are you satisfied

that each of the areas below will support a successful 2021-2022 school year reopening?

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	The final Reopening Plan being accessible to all on the website	1.00	3.00	2.77	0.48	0.23	196
2	The CCPS Equity Plan being reflected throughout the Reopening Plan	1.00	3.00	2.66	0.55	0.30	195

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
3	Stakeholder input into the plan	1.00	3.00	2.45	0.65	0.42	193
4	The use of data to assess learning loss and support student success	1.00	3.00	2.65	0.56	0.31	195
5	The State standards being followed in all subject areas	1.00	3.00	2.66	0.55	0.31	193
6	Education services being provided to all Special Education students	1.00	3.00	2.74	0.46	0.21	194
7	Health and safety strategies for students and staff in schools	1.00	3.00	2.30	0.86	0.74	195
8	Health and safety strategies for transporting students on school buses	1.00	3.00	2.56	0.72	0.52	194
9	District and school communication strategies	1.00	3.00	2.63	0.61	0.37	193
10	Athletics and other extracurricular activities	1.00	3.00	2.65	0.53	0.28	194

#	Field	Dissatisfied	Neutral	Satisfied	Total
1	The final Reopening Plan being accessible to all on the website	2.55% 5	17.86% 35	79.59% 156	196
2	The CCPS Equity Plan being reflected throughout the Reopening Plan	3.59% 7	27.18% 53	69.23% 135	195
3	Stakeholder input into the plan	8.81% 17	37.31% 72	53.89% 104	193
4	The use of data to assess learning loss and support student success	4.10% 8	26.67% 52	69.23% 135	195
5	The State standards being followed in all subject areas	4.15% 8	25.91% 50	69.95% 135	193
6	Education services being provided to all Special Education students	1.03% 2	24.23% 47	74.74% 145	194
7	Health and safety strategies for students and staff in schools	26.67% 52	16.92% 33	56.41% 110	195
8	Health and safety strategies for transporting students on school buses	13.92% 27	15.98% 31	70.10% 136	194
9	District and school communication strategies	6.74% 13	23.32% 45	69.95% 135	193
10	Athletics and other extracurricular activities	2.58% 5	29.38% 57	68.04% 132	194

Q3 - If you would like, please share any brief comments specific to the draft Reopening Plan for the 2021-2022 school year.

If you would like, please share any brief comments specific to the draft Re...

Please keep masks optional to students. It is important to their learning and development in reading and mental health!!!

I am dissatisfied that unvaccinated students and teachers will not be required to wear masks. Please reconsider this policy and the safety of our unvaccinated children.

Masks should be mandatory for everyone in buildings for the start of the year.

A lot of information is put out via social media and website. Keep in mind that many still don't use these platforms. Please continue to make calls and use mailings.

Students should have option to distantly learn if they become ill or outbreak of COVID-19 variant occurs since masks are not mandated so they do not get behind on their work.

I am deeply concerned about optional masks with the delta variant, sine vaccines for elementary aged children are not yet available.

MASKS NEED TO BE MANDATED.

Regardless of vaccination status, Covid-19 can be contracted & spread.To ensure the health & safety of students and staff, masks should be worn to mitigate the spread of COVID-19.

I would like to do the schedule of 4 days schooling and then Friday-Sunday off so the school can be cleaned properly.

In person should be optional, bring back virtual

Masks should be required for all. CDC recommends for schools, and indoors in areas with substantial/high transmission, which Caroline is. You are not following CDC guidance.

<https://www.washingtonpost.com/health/2021/08/13/children-hospitalizations-covid-delta/> Please enforce masking, esp K-12. Vaccination should also be required of all CCPS employees!

With no social distancing, positivity rates on the rise, and children under 12 unable to be vaccinated, masks should be REQUIRED in the school buildings.

Masks should be mandatory

I am not at all confident in my child returning to the building with the numbers rising and a more dangerous variant.

Masks should be required at the minimum of the elementary aged level since these children can not yet be vaccinated.

Very concerned about masks being optional with the rise of covid

Masks should be worn by all students and staff regardless of vaccination status per the CDC

If you would like, please share any brief comments specific to the draft Re...

I would prefer a parent involvement board in making the decisions that the children will follow

I was never told under section 5 that there was a way we could possibly have our child in middle/high school to do distance learning & my daughter had a 4.0 & 100% attendance in 7

Masks should be mandatory for the school year. We should be take the preventative route as much as we can, look at other states and counties. Patients are being diverted from hosp

Require vaccinated employees as of 9/30. Require masks in classrooms. With masks optional, distancing should be in place, and it is not. Remove character limit to this survey quest

I think the reopening plan should be instituted with a more neutral group than the Equity Committee.

I hope the mask don't become such an issue where like last year where kids HATED going to school because administrators were so strict on a mask. If masks are "encouraged" now.

Keep masks a choice regardless.

I am a concerned employee of Caroline County Public Schools. I believe that we should have a mask mandate in our schools to protect our students.

Masks need to be required for all in the school not just recommend!!!!!!!!!!

Please consider enforcing mandatory masks at the elementary level- particularly those students who are not of age to receive the vaccine or make independent decisions about masks.

Masks should be required. Our youngest have not been vaccinated.

I really hope my kids education is the focus this year and they are brought back up to speed b3cause of how much they suffered last year. I was very dissappointed with virtual

If you're following the CDC Guidelines why are mask not mandated? Special needs kids and kids low immune can't attend.

Can a student request to be included in the BVP?

Not sure how Caroline plans to implement social distancing when buses have historically been over crowded. Same with the halls at NCHS.

I am concerned that masks are a choice at this time. Masks are powerful in preventing the spread. We need to protect the young that are not vaccinated.

Masks should be mandated. At least for the start while all kids are back and possibly until the vaccine is available to under 12. Indoors.

What is the reason the school is ignoring the CDC and AAP guidelines about universal masking and does that open the school district to liability for the spread of Covid-19?

Personally would like to see masks being a requirement in schools. Child is going into first grade with a newborn at home; masks should be required

When there is high community transmission of respiratory communicable disease, masking should be mandatory.

If you would like, please share any brief comments specific to the draft Re...

This plan has nothing in it for students that will be required to quarantined for 10 days. How will we address learning loss when staff is out over 10 days straight and students

Masking of students should be a parental decision, and not mandated by the school system or any governmental agency. Pleased to see that CCPS is allowing parents to decide.

My concern is about not having a mask mandate in schools and just a recommendation. With such a large %of students unvaccinated I am worried about infections in schools.

Focus on teaching the kids knowledge and skills to be a productive memberof society. Lose the masks for good, families can make their own decisions.

Wednesday should remain asynchronous

I think the two day a week plan, hybrid, or mask mandates should be back in place. This strand of COVID is affecting more kids and our percentages are as high as when school closed

Would like to see virtual learning options.

I would like to know how parents will be notified of gaps and plans to close gaps

With regard to equity, I would feel more "satisfied" if I knew the solution for kids without access to wifi

I am concerned that the optional mask wearing will put children and staff at risk. The vaccination rate in Caroline is below 40% and the Delta variant can quickly spread.

There was an issue of mold in several of the schools. I don't believe that the staff is sanitizing anything. What you have down looks good on paper but I don't feel that it is happ

Masks should be mandatory for all students and staff regardless of vaccination status.

How do we plan to provide educational services to students who are placed in quarantine? Google Classroom assignments are not sufficient for more than a couple days.

Keep masks out of our schools, the kids have been through enough

I would like masks to be required for elementary school. Ideally I would like the classrooms to be divided based on parent vax status but I understand that would be difficult.

At this time, masks should be mandatory at the schools. If potential exposure or sick will child be able to learn virtually or will they miss a week or two of school?

have a virtual options for students that aren't comfortable coming back with covid still going and getting worse

The goal needs to remain to keep students in school...socialization, sports, and in-person education is vital.

Please require masks while this variant is spreading, especially since vaccinated can not only get it but spread it. If hybrid isn't a choice to keep kids and staff safe, masks

End of Report
